Q Being a family-owned business, you've been involved with BGS for quite some time. How have you been able to develop the company?

A For the past 20 years, I have been working at the family business; making my way up from clerk to pre-press, to deliveries, to installer, and eventually to sales and Partner. I have a commitment to consistently providing our clients with exactly what they need in order to foster long-lasting partnerships based on mutual respect and satisfaction with one another's practices.

Q What do you consider to be your biggest achievements? What is the most valued award you've received?

A More than all else, the greatest accomplishment for me is establishing a family of my own. Making my family proud and instilling their sense of pride is one of my most important focuses. As far as awards go, I hold my 'best daddy in the world' mug and anniversary cards from my wife to the highest honor.

Q What are some clubs and organizations you belong to?

A In addition to being an ambassador of my family and our company as a husband, a father and an individual within my community, I feel it is very important and extremely rewarding to get involved in your local community service organizations. I am a proud member of The Rotary Club of Plymouth, Past Master in Free and Accepted Masons, Noble of The Mystic Shrine, Ancient Accepted Scottish Rite, Odd Fellows, PA Independent Oil & Gas Association and American Advertising Federation.

Q What are you most looking forward to for the future of the company?

A I can only hope that we continue to grow our business along with our clients' businesses and maintain the same level of success we've had over the years. It has been a pleasure seeing the results of our hard work and how it pays off for our clients; we wouldn't have it any other way.

Q Outside of work, what are some of your personal interests and hobbies?

A Nature and the outdoors are definitely a requirement in keeping my life in balance. I enjoy hiking, canoeing, kayaking, hunting, fly fishing and cross country skiing. Other leisurely activities include gastronomy and practicing the art of winemaking.
